

# Jordan Bottrell

University of Michigan Class of 2020

607 E Hoover Ave. Ann Arbor, MI 48104  
bottrell@umich.edu, (231) 907-0011, [www.jbottrell.com](http://www.jbottrell.com)

## Profile

Ensuing graduate of a top-tier university with experience in digital publications, information technology, and computer science, and a proven track record of leadership. Currently seeking opportunities to leverage a diverse skillset in a fast-paced and collaborative environment.

## Education

### University of Michigan – English Language and Literature (B.A.)

09.2016 – Present

- Studied English Language and Literature, Computer Science, and Digital Studies
- Achieved University honors in the Winter 2018, Fall 2018, and Winter 2019 semesters

## Work Experience

### Writer – Enthusiast Gaming Inc.

08.2019 – Present

Worked as a writer for several websites under the Enthusiast Gaming brand. My work includes daily news updates, game reviews, personal interviews, and editorials. On the job I became familiarized with common SEO practices, APA style guidelines, and how to work independently in a fast-paced environment.

### Computer Consultant II – University of Michigan Information Technology Services

08.2018 – Present

As a computer consultant I provided excellent desktop support to University of Michigan faculty and staff. My responsibilities include hardware installation, software troubleshooting, and inventory management. Additionally, I achieved AppleCare service certification and completed the Google IT Support Professional certification.

### Instructional Aide – University of Michigan College of Engineering

09.2017 – 06.2019

I served as a teaching assistant for EECS 183, the introductory computer science course at the University of Michigan, with over 1000 students every semester. I held weekly office hours, wrote and graded projects and exams, and designed instructional materials for over 30 lab sections. I also held a 2-hour lecture every week where I explained C++ and Python concepts, answered questions, and solved technical issues with students.

## Leadership Activities

### Vice President – Arbor Esports

I currently serve as the Internal Vice President for Arbor Esports, U of M's premier student-run gaming organization. My responsibilities include negotiating with sponsors, scheduling and planning events, and serving as a face for our 1000+ member community.

## Skills

### Technical

C++, Python, PHP, SQL, HTML, CSS, JavaScript, WordPress, Adobe Creative Suite, Microsoft Office Suite (Word, Excel, PowerPoint), GitHub/Git, SEO optimization

**Personal Interests** Blogging, Pop-culture, Video Games, Fitness, Bodybuilding, Nutrition, Web Development, Graphic Design, PC Building, Game design, creative writing, history
